TREASURY CHANGES NEAR COMPLETION

Work on Building May Be Finished In Few Weeks.

The United States Treasury is undergoing its first real architectural changes since 1863. It will take some weeks to complete the work.

The classic old structure, which has met the needs of the Government for more than half a century, is now being altered to provide greater storage space for the country's money and greater safety for the huge vaults where the money lies.

Three new vaults are being built on the west side of the building.

In connection with the construction of the three new vaults, the Adams Express has prepared a driveway leading to the basement storage, for unloading money delivered from the Bureau of Engraving and Printing to the Treasury.

The entrance from the Fifteenth street side is also being removed. Artists and architects have agreed for years that this entrance materially marred the appearance of the building on that side. When the approach is finally torn down and the doors sealed up the east side of the Treasury will be greatly beautified. Thirty granite monoliths stand there now in an unbroken row.

ATLANTA, Ga., Oct. 31.—"Football is inherently and incurably bad," was the way Bishop Warren A. DISTRICT MAY OWN ITS LODGING HOUSE

Commissioners Will Ask for Authority to Accept It As Gift.

The Commissioners, at the next session of Congress, will endeavor to obtain legislation providing for the acceptance from the Municipal Lodging House Association of the Municipal lodging house in Twelfth street, between C and D streets northwest. The house, though maintained at public expense, is owned by the association, which through its chairman, Henry B. F. Macfarland, has offered to deed it to the District.

Corporation Counsel Thomas is of the opinion, however, that as Congress has provided an appropriation for the rent of the house, some objection might be made to the acquisition of title, and has suggested that the Commissioners ask that in the next District appropriation bill provision be made for the acceptance of the property.

REPORTS SAY SIBLEY MAY NEVER RECOVER

Wife of Accused Representative Also Is In Critical Condition.

FRANKLIN, Pa., Oct. 31.—Word has been received here from the home of Joseph C. Sibley that no hope is entertained for the recovery of either the former Representative or his wife. It is thought that Mrs. Sibley's trouble, which is principally mental, was brought on by worry over the charges brought against her husband as a candidate for the Republican Congressional nomination. An audit of Sibley's \$42,500 primary election expense sheet is set for November 14, but it is not believed that he will be able to appear. He is under indictment for conspiracy to corrupt voters.

HAD SCRATCHED FOR 28 YEARS

Till It Got to be Second Nature—Suffering Endless and Without Relief—Cuticura Made Skin as Clear as a Baby's.

"If I had known of the Cuticura Remedies fifty years ago it would have saved me two hundred dollars and an immense amount of suffering. My disease (psoriasis) commenced on my head in a spot not larger than a cent. It spread rapidly over my body and got under my nails. The scales would drop off of me all the time and my suffering was endless and without relief. A thousand dollars would not tempt me to have this disease over again. I am a poor man but feel rich to be free of what some of the doctors called leprosy, some ringworm, psoriasis, etc. I took a year and a half but got no cure. I cannot praise the Cuticura Remedies too much. They made my skin as clear and free from scales as a baby's. All I used of them was two cakes of Cuticura Soap, three boxes of Cuticura Ointment and three bottles of Cuticura Resolvent. If you had been there and said you would have cured me for two hundred dollars, you would have had the money. I was covered with the scales but by using Cuticura I was soon as clear as any person ever was. This was over twenty-two years ago and for a long time, through force of habit, I used to rub my hands over my arms and legs to scratch, but to no purpose—I was well. I had scratched twenty-eight years and it got to be a kind of second nature to me. Dennis Downing, Waterbury, Vt., November 27, 1909.

Cuticura is the most economical treatment for affections of the skin and scalp. A cake of Cuticura Soap and a box of Cuticura Ointment are often sufficient. Sold throughout the world. Potter Drug & Chem. Corp., 240 N. Front, Boston. 27 mailed free. 32-page Cuticura book, an Authority on the Skin.
